Business assignments January 2021:
Fake it, so you can make it
&

Make an accountingsheet of your monthly income and expenditure for 1
month.

Assignment #1

Fake it until you make it

*Next year, January 12 – we are going to boast.
We are not modest. We invent our successen
story, and share it with each other.*

Assignment #1

Fast forward to 2025

You are a successful entrepreneur, you won 'the best entrepreneur of the year' award.

So, you enter the spotlights and deliver your speech: how did you get here, the defining moments, who you are grateful to...

Because if we look ahead: we see a mountain to climb

It is easier to look back and walk down the mountain

Assignment #2

Money money money

Your income and expenditure per month

Household accounting

- For one month: your personal household book:
- Income (work, subsidies, internships, etc).
- Fixed costs (rent, gas, electricity, water, insurances, municipality taxes)
- Variable costs (travel, food, household products, going out)
- **Savings**
- Variable costs for your business (materials, travel, insurances)

Because if you know what you need

You can calculate what you need to earn
